

# SNEEZE AND HYGIENE PROTECTION SETS

**B.PRO**  
CATERING SOLUTIONS

for retrofitting – for B.PRO BASIC LINE  
and B.PRO COOK I-flex.

Simple  
assembly

## Sneeze and hygiene protection sets: four versions for all requirements

### Sneeze guard, closed

- For retrofitting modules with open sneeze guard to closed sneeze guard, for instance for conversion from self-service to serving
- Can be used on standard and Highline attachments

### Hygiene protection, customer side

- For retrofitting modules with open sneeze guard to closed sneeze guard, for instance for conversion from self-service to serving
- Also equipped with personal protection above the bridge attachment

Pass-through option above the bridge attachment

Pass-through option above stainless-steel top surface (for instance, for children's and school catering)

### Hygiene protection, short side

- For closing the bridge attachment on the short side and as additional personal protection above the bridge attachment

### Bridge storage shelf

- For BASIC LINE modules with
  - Version 1: sneeze guard retrofit set, closed
  - Version 2: hygiene protection retrofit set, customer side
- The storage shelf increases the storage surface above the bridge attachment
- Can be used on standard and Highline attachments
