Learn at Vollrath University

Vollrath University is the industry's best-in-class training resource for foodservice professionals. Whether it's at our world-class on-site training facility or online, Vollrath University can help you increase efficiency, drive profitability, and kindle inspiration, no matter what your industry role. Take advantage of Vollrath University, and arm yourself with everything you need to elevate your offering.

VOLLRATH UNIVERSITY

ON-SITE

- 13,000-square-foot world-class training facility
- Hands-on workstations
- Customizable training programs
- Manufacturing facility tours

ONLINE

- Helpful guides and reference materials
- Informational training videos
- Product tutorials
- Culinary support and recipes

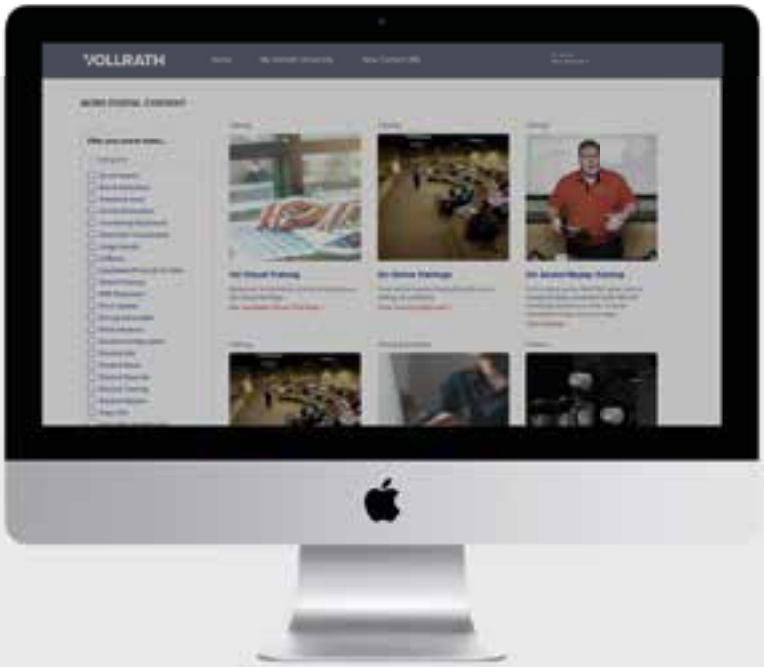

Vollrath University

Opened in 2010, Vollrath University training facility is located on the grounds of Vollrath Corporate Headquarters in Sheboygan, Wisconsin. This beautiful 13,000-square-foot training area is where you will enjoy hands-on product experience in our fully functional commercial kitchen and top-notch instruction in our comfortable and spacious classroom.

Serving Systems & Fabrication

Creating a custom serving system design is a time-consuming, collaborative process. Fortunately, Vollrath has the experience and expertise to guide you through every step of it.

6-SERIES

Fully customizable with extensive material options, 6-Series systems are designed, engineered, and manufactured to meet your specific requirements.

4-SERIES

4-Series modular designs have several sizes, shapes and material options but are not fully customizable. Signature Server has the components to fit your business's needs.

2-SERIES

The 2-series system is designed for the budget-conscious organization. Choose with confidence a 2-Series hot, cold or utility station that will deliver the functionality you need.

Food Preparation Equipment

Before it ever hits a plate, every meal begins with equal parts planning, passion, and prowess. Food preparation equipment from Vollrath will help you capitalize on all three. Food prep equipment can streamline your kitchen to make you more efficient and focused on the task at hand.

Mixers

Slicers

Vacuum Packing

How To Shop

Manual Food Processors

Save significant labor costs slicing, dicing, and wedging by using a food processor instead of cutting by hand. Our food processors also increase food yield and allow for more consistent cuts.

PAGES 9-13

Grinders

Vollrath grinders feature stainless steel construction and come standard with a sausage stuffer and feed stick.

PAGE 13

Can Openers

Get the cleanest, most hygienic cut ever with our EaziClean®, Premium™, and CanMaster™ can openers.

PAGE 14

Mixers

Designed for heavy use, our durable mixers come standard with a stainless steel mixing bowl, dough hook, wire whisk, and flat beater.

PAGE 15

Slicers

Our performance and durability is what slices us apart from the competition. They're available in three blade sizes and feature nonstick coating.

PAGE 16

Vacuum Packing

Extend the shelf life of food and cut down on waste due to spoilage with a vacuum sealer. Vacuum sealing quickly marinates meats and when paired with the Sous Vide immersion circulator becomes the total package.

PAGE 17

Manual Food Processors

- Achieve significant labor savings when compared to cutting by hand
- Higher food quality – no browning or bruising
- Allows for consistent product with every cut
- Increased food yield

MANUAL FOOD PROCESSORS

- Vegetable slicers/dicers/wedgers
- Lettuce choppers/shredders
- Tomato slicers
- Cheese slicers and cubers
- Seafood cutters
- Potato cutters/scoopers
- Grill accessories

Tested to help save you time

BREEZE THROUGH PREP WORK

In an independent study, our Insta Cut® 5.1 manual food processor cut a tomato into a quarter-inch dice up to 74% faster than a chef using only a knife. When dicing onions, the InstaCut was up to 66% faster. Over the course of a year, the InstaCut was shown to have the potential to pay for itself with labor savings alone.

Insta Cut® 5.1

- Dice onions up to nine times faster and tomatoes nearly six times faster than traditional knife work
- Pop-in, pop-out thermoset blade
- Serrated blades require up to 50% less force than straight blades
- NEW captive fasteners will not get lost in food

Cooking Equipment

From induction ranges and sous vide immersion circulators to griddles and fryers to our complete collection of conveyor toasters and ovens, Vollrath has every countertop cooking appliance you need to make your kitchen more efficient and innovative.

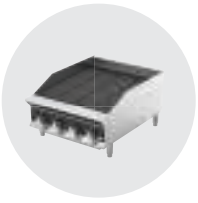

Induction Ranges

Conveyor Toasters & Conveyor Ovens

Specialty Ovens

Charbroilers & Griddles

Panini Sandwich Grills

Specialty Cooking Equipment

How To Shop

Induction Ranges

With an all-new, sleek efficient design and induction technology, our full line of induction products are safer, more precise, faster, and more efficient than traditional gas ranges.

PAGES 21-23

Conveyor Toasters & Conveyor Ovens

Our wide variety of conveyor toasters and ovens meet the needs of any foodservice operation and are energy efficient and maintenance free.

PAGES 24-28

Specialty Ovens

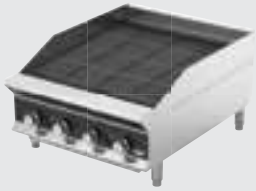

Our full line of ranges gives you the flexibility and performance you need. Our convection and microwave ovens are designed to stand up to even the busiest kitchen.

PAGE 29

NEW

Charbroilers, Griddles

Our rugged, versatile line of heavy-duty and medium-duty charboilers and griddles is designed to get the cooking and the cleanup done quickly.

PAGES 30-32

NEW

Panini Sandwich Grills

Expand your menu easily with panini and flat-plate sandwich presses. Each model features a heavy-duty design and is thermostatically controlled for consistent results.

PAGE 33

NEW

Specialty Cooking Equipment

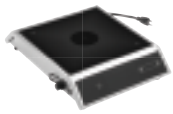

Designed for quick heat-up and recovery, our fryers help you keep up with even the busiest rush on fries, breaded fish, and more. In addition, get precise, repeatable results with Vollrath's sous vide immersion circulators. Cooking with precise temperature control allows you to create tender, juicy meats.

11,600 Maximum Wattage	3,800 Maximum Wattage	1,800 Maximum Wattage	1,800 Maximum Wattage	1,800 Maximum Wattage	3,500 Maximum Wattage
IDEAL FOR					
Ideal for heavy-duty and supplemental back-of-the-house range cooking, flameless cooking leads to safer working conditions and cooler kitchens. Excellent for menu items that require more accurate temperature control.	Perfect for high-volume, high-speed, and continuous-duty stockpot stations.	Great for medium volumes and speed, high-speed sautéing, and small stockpot and saucepot warming.	A smart choice for light commercial, sauté, and non continuous small stockpot warming. Preferred by chefs for a variety of cooking techniques.	Suitable for light commercial, sauté, and non continuous small stockpot warming.	Ideal for preparing menu items with gas like performance but the high efficiency of induction in a safe, flameless, easy-to-use electrical application for commercial use.

Conveyor Toasters

- Radiant heating promotes uniform results and energy efficiency
- Most models have energy-efficient, fast-reacting quartz heaters
- Standby mode saves up to 75 percent energy during slow periods when unit is not in use and allows unit to quickly return to full power
- Variable speed control to achieve desired color
- Maintenance-free drive system; stainless steel drive chain does not require lubrication

Induction Warmers & Rethermalizers

- Eliminate water, no filling and refilling, no scaling, no water on counters, no manifolds or drains
- Reduce energy costs with low amp draw
- Precise 1° temperature settings from 100°F - 190°F (38°C - 88°C) on induction soup rethermalizers minimizes food waste
- Fast, efficient induction takes 50-60 minutes to rethermalize foods versus 1½ hours in most other units

Countertop Induction Rethermalizers

- Minimizes food waste and saves money

Traditional Warmers & Rethermalizers

- Industry's most complete lineup of warmers and rethermalizers
- Warmers keep hot food hot
- Rethermalizers take prepared food from chilled to hot

Vollrath's Direct Contact Heating System is available on select items. No vents means energy savings. The heating element is in direct contact with the water and Vollrath's exclusive thermoset fiber-reinforced resin well, so little heat is lost and there is no need for vents.

Merchandising & Display Solutions

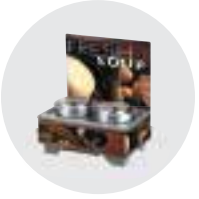

Tempt your customers at meal and snack time with attractive, well-designed display cases and merchandisers.

Display Cases & Cabinets

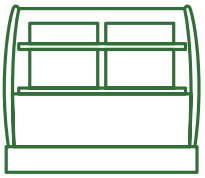

Acrylic Display Cases

Soup Warming & Merchandising

How To Shop

HEAT UP YOUR CONVENIENCE STORE BUSINESS WITH AN $11.8 BILLION FOODSERVICE OPPORTUNITY.

The average American now eats at restaurants only 74 times a year – the lowest number in more than 30 years. Yet Americans aren't cooking at home more. Instead, they're eating more prepared and packaged foods.[1] That's why foodservice has become the hottest trend in convenience stores.

Display Cases & Cabinets

From self-service to drop-in, well-merchandised food sells better. Give your foods the attention they deserve while keeping them at the right temperature with our display cases and cabinets. Deli cases feature digitally controlled thermostats and fans to ensure even temperature control.

PAGES 49-50

Acrylic Display Cases

Tempt your customers with fresh pastries and more using our durable and versatile acrylic and cubic countertop display cases.

PAGES 51-53

Soup Warming & Merchandising

Make selling soup easier with built-in merchandising signs. They're a great way to free up counter space, so you have room to feature more food options.

Cold Beverage Equipment

One of the fastest-growing and most profitable categories in foodservice, frozen and refrigerated treats delight kids and adults alike. Make creating nonalcoholic and alcoholic drinks simple with these easy-to-clean, durable machines.

Frozen Beverage Granita Machine

Refrigerated Beverage Dispensers

Frozen Beverage Granita Machine

- Easy-to-use controls with simple switch operation
- Large freezing surface and properly sized compressor promotes efficient operation
- Magnetic drive system is durable and reliable
- Gasketless spigot is easy to clean and maintain
- Optional double-wall bowls ensure minimal condensation on the outside of unit
- Auto-fill models available – Reduce labor and ensure products are ready to serve at peak demand

Steam Table Pans & Accessories

Store, transport, and serve your food safely and elegantly with the extremely durable Super Pan® steam table pans. Choose from an extensive selection of shapes and sizes designed to lend an upscale appearance to your food presentations.

Super Shapes Lineup

Super Pan V® and Accessories

Super Pan 3® and Accessories

Super Pan® Plastic Pans

Universal Accessories

How To Shop

Super Shapes Lineup

Create upscale food presentations in chafers, heated or refrigerated buffet lines, display cases, and more with Vollrath Super Pan® Super Shapes. They're constructed of strong 22-gauge, 300 series stainless steel to stand the test of time in even the toughest kitchen environments.

PAGE 63

Super Pan V® and Accessories

Smooth curves, easy-to-pour corners, and bright finishes give Super Pan V Steam Table Pans their stunning appearance and increase their functionality. These 22-gauge, 300 series stainless steel pans are 300% stronger than Super Pan II® and resist dents and dings in even the toughest kitchen environment.

JP LIFETIME GUARANTEE

PAGES 64-66

Super Pan 3® and Accessories

Made in the US, these EN 631-1 compliant Gastronorm (GN) pans are designed for worldwide use. Super Pan 3 pans are constructed of sturdy 22-gauge, 300 series stainless steel. They feature anti-jamming lugs, unique ramped sides, and reinforced pour corners for durability and ease of use.

PAGES 67-69

Super Pan® Plastic Pans

Available for low-temperature and high-temperature applications, our plastic pans feature a built-in anti-jamming design and unique ramped sides for easy removal.

PAGES 70-71

Universal Accessories

Specialty Pans, Pan Bands, Egg Poachers, Covers, Clip-On Handles, Insets & Bain-Maries, and Adaptor Plates

PAGES 72-77

Specifications: Super Pan V shall be 22-gauge, 300 series stainless steel. Top outside shall be designed with built-in concave, diagonally tapered corners for impact resistance, which also acts as pouring spout. All depths of solid pans shall have anti-jamming design to prevent pans from sticking together. Reverse formed edge shall be polished and flattened for consistent tangent to well opening and for hand comfort. Product identification to be laser etched on pan. NSF certified.

⅛ size pans add 40% more capacity!

Specifications: Super Pan V shall be 22-gauge, 300 series stainless steel. Top outside shall be designed with built-in concave, diagonally tapered corners for impact resistance, which also acts as pouring spout. All depths of solid pans shall have anti-jamming design to prevent pans from sticking together. Reverse formed edge shall be polished and flattened for consistent tangent to well opening and for hand comfort. Product identification to be laser etched on pan. NSF certified.

Specifications: Super Pan 3 shall be 300 series stainless steel. Corner on top of flange shall be designed with built-in concave indentation for impact resistance. All depths 2" all-natural and deeper shall have anti-jamming design to prevent pans from sticking together. Half, full, two-thirds, half-long, and third sizes shall have ramped sides for easy removal from wells. Reverse formed edge shall be flattened for consistent tangent to well opening and for hand comfort. Pans shall have an "all-natural-framing shoulder" on short sides around the interior body of the pan, accenting the food product and providing an appealing presentation. Pan size and capacity to be marked on all pans. NSF® certified. Meets Gastronorm (EN 631-1) standard.

INDUCTION WOK RANGE

- Carbon Steel Wok Pan is ideal for use with Vollrath Induction Wok Range

See page 22 for product details.

Heavy-Duty Aluminum Roasters

- Dent-resistant 3004 aluminum
- Easy-to-grab loop handle on all four sides of pan
- Double roasters fit snugly to seal in steam
- Heats evenly and efficiently – recommend lowering oven temperature by 25˚F (-3.9˚C) to reduce energy costs

Pizza Pans

THREE FINISHES:

Natural Finish

- Superior strength—resists denting and warping

Clear Coat Finish

- Seals a naturally porous surface with an anodized film that will not flake or chip
- Hardened surface is abrasion resistant

Hard Coat Finish

- The ultimate hardened surface for maximum abrasion resistance
- Dark finish essential for infared (IR) oven use

Press Cut Pizza Pans

- High-quality 14-gauge (1.5 mm) 3000 series aluminum
- Press cut pans available in four types: Solid, Perforated, Extra Perforated, Fully Perforated
- Press cut pans available in three finishes: Natural, Clear Coat, Hard Coat

Solid Hard Coat

Perforated Clear Coat

Prepare and Serve Allergen-Free Foods

Designate those smallwares that are to be used for preparing and serving allergen-free meals. The purple color provides quick identification for employees and customers.

DID YOU KNOW?

- 15 million Americans have food allergies.
- Every 3 minutes, a food allergy reaction results in a trip to the emergency room.
- Even trace amounts of a food allergen can cause a reaction.

visit VOLLRATH.com/portion

Delivering proper nutrition and controlling your food costs demand accurate, repeatable portion sizing. But, how do you ensure that your kitchen staff and servers are using the proper-size utensil? Vollrath simplifies portion control with a complete system of serving utensils, color coded for quick and easy size selection. If your menu calls for 2 ounces of vegetables, tell your staff to use the blue Spoodle®. Serving 4 ounces of stuffing? Use a grey disher. It's that simple. No more searching through a drawer of look-alike utensils trying to read the capacity stamps.

Mini Serving Vessels

- Vollrath mini serving vessels provide a fun, whimsical presentation of individual servings, appetizers, sides, and desserts
- An elegant way to control portion sizes
- Enhances plated entrées
- Keeps long buffet lines moving by providing a pre-portioned, “grab and go” serving size for customers
- More sanitary than other buffet setups, as customers touch only their vessel

Miramar® Display Cookware

- Extremely durable – thick 3-ply construction provides induction compatibility and will last a lifetime
- Cookware items have satin finish interior and exterior with mirror finish handles
- Au Gratins, Food Pans, and French Oven have full mirror finish
- Unique handle design allows for easy removal from templates
- Handle design serves as a convenient cover rest on Casseroles, Sauté Pan, and French Omelet Pan
- Use in any typical display areas — heated shelves, steam table with templates, and induction ranges— but with quality seen only in commercial cookware

How To Shop

Signature Warewashing

With a complete selection of sturdy, lightweight racks and accessories, our Signature warewashing line offers outstanding durability and versatility. Its unique open design promotes better washing and rinsing as well as faster drying.

PAGES 198-201, 211-214

Traex® Warewashing

The Traex warewashing system is flexible enough to accommodate almost all glassware, dinnerware, and smallware. Whether the open-wall design or the all-new, closed-wall style, each system allows for top-to-bottom and side-to-side washing and drying while delivering outstanding strength and durability.

PAGES 204-215

Carts

Keep your staff and your dinnerware, glassware, and flatware moving quickly with sturdy utility carts. Our selection includes standard, bussing, and multipurpose carts.

Signature Warewashing Racks

- A complete selection of racks and accessories that provide outstanding strength, adaptability, versatility, and durability; an unbeatable value in today's foodservice operations
- Extra-high molded compartments prevent chipping and breakage
- Wash temperature up to 180°F (82°C)

Signature peg corner design provides secure stacking with Vollrath and most competitors' racks.

Signature open design promotes better washing and rinsing and faster drying.

Signature unique rack design uses stainless screws and a variety of interchangeable risers and dividers for hundreds of custom configurations.

Signature rack imprinting adds identification. Choose stock or custom imprint.

Signature four-way tracking on all full-size racks allows for fast dish machine loading in either direction.

Lemon Drop™ 20- and 30-Compartment Racks

- Provide expanded capacity over the traditional rack options
- Incorporate all the features expected from the finest line of warewashing racks
- Strategically located compartment dividers offer premium glass protection while providing the open design – ideal for maximizing cleaning performance
- Lemon Drop design patent is #D650,541

Vollrath Lemon Drop Design

FULL-SIZE RACK SELECTION GUIDE HEIGHT*

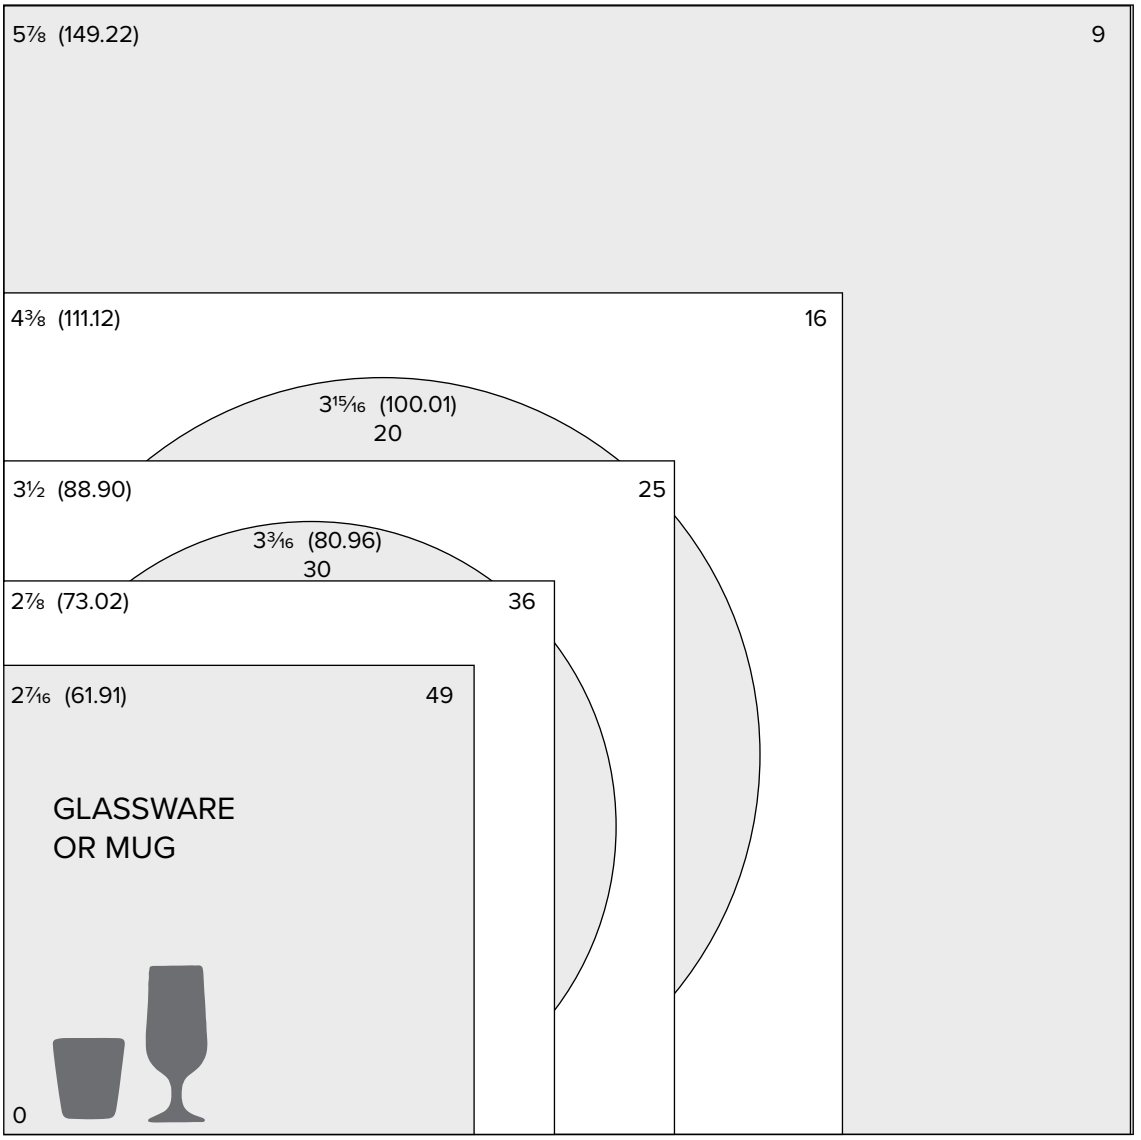

Signature Full-Size Rack Sizing Template

- DETERMINING RACK HEIGHT: Place the base of glass or mug piece on bottom edge of this page. Or remove page and stand it on edge on a flat surface next to your glass or mug. Then select rack type with appropriate number of risers by referring to the crossbar immediately above your glassware piece on the chart.
- DETERMINING NUMBER OF COMPARTMENTS: Place an inverted glass on the diagram. Looking directly downward on the glass, make sure the greatest diameter of the glass or mug is within the appropriate square. When measuring cups or mugs, be sure to allow for extension of handles. All Vollrath compartment racks have dividers of equal dimension top and bottom to protect glassware during the vigorous wash cycle.

Traex® Adjustable Dish Caddy

- Unique “easy adjustment” from the top
- Dual side handles for easy maneuvering
- Dish caddies have 19" of stacking space and allow approximately 40-55 plates per stack based on average plate height. Please calculate using your specific plate measurements for a more exact measurement.
- ADC units accommodate round pieces 4½" to 12½" (11.4 to 31.6 cm)
- SAC units accommodate:
  Square pieces 4" to 10⅝" (10.2 to 27 cm)
  Round pieces from 4" to 14" (10.2 to 35.6 cm)
  Rectangular trays up to 14¼" x 9⅞" (36.2 x 25.1 cm)
- Empty SAC units stack together to save space
- Rotational molded body
- Vinyl cover included
- Color: SAC-black, ADC-gray

Dispensing Solutions

Maximize limited space and keep operations tidy at busy self-serve stations or drive-through with the LidSaver® dispenser and a full line of straw, condiment, tissue, napkin, and a variety of other dispensers.

Lid & Cup Dispensers

Countertop Dispensers

Flush-Mount Dispensers & Organizers

Napkin Dispensers

Straw Dispensers

How To Shop

All dispensers are made with US and foreign material

Lid & Cup Dispensers

Eliminate waste and reduce the potential for germs to spread with LidSaver® dispensers. These simple-to-use designs keep counters free of lid stacks and cups.

PAGES 223-227

Countertop Dispensers

Our versatile self-serve dispensers are ideal for condiment packets, flatware, and more.

PAGES 228-231

Flush-Mount Dispensers & Organizers

Flush-mount dispensers and organizers are easy to install and mount flush into the face of your counter. They're ideal for self-serve areas to accommodate condiments, lids, straws, flatware, and more.

PAGES 232-233

Straw Dispensers

Reduce waste and save money with a dispensing mechanism that delivers just one straw at a time

PAGE 234

Napkin Dispensers

Choose from in-counter, countertop, and tabletop models in a variety of colors and designs.

PAGES 234-235

Lid & Cup Dispensers

Lidsaver® 3 Dispensers

- Fewer wasted lids adds up to more savings
- Requires less labor for cleanup
- Helps eliminate contamination from excess handling
- Keeps operations clean and tidy, addressing major consumer concerns about health and well-being
- Simple-to-use design allows customers to fill beverages and grab a lid using only one hand
- Dispenses soda, coffee, and domed lids from 1¾" to 4¾" (4.4 to 12.1 cm)

MADE IN USA

Easier loading for lid sleeves with the new door hold-open feature.

Food Delivery & Transport

Food delivery has never been more in demand. So we upped our game by creating the highest-quality bags, using the latest technology. So you give customers what they want, how they want it.

Pizza and Sheet Pan Bags

Catering Bags

Tower and Backpack Bags

Food Delivery Bags

EPP Food Carriers

Flatbed Utility Dollies

How To Shop

Pizza and Sheet Pan Bags

We construct these bags with high-performance insulation and a condensation-reducing liner that keeps food at the right temperature and ensures quality again and again.

PAGES 240, 242

Catering Bags

Two types of catering bags. Zero left to chance. We use only the highest quality insulation to maintain both temperature and quality, coupled with waterproof materials that are easy to clean and ready to go.

PAGES 240-242

Tower and Backpack Bags

Large orders need big solutions. So we use high-performance insulation to make sure your food gets there warm and gets big smiles from customers.

Food Delivery Bags

A long day of delivery needs long-term thinking. We construct these bags with high-performance insulation to maintain temperature, quality, and comfort. So everyone walks away happy.

PAGE 241

EPP Food Carriers

Even the environment needs delivery to be at its best. So we designed a food carrier with best-in-class insulation that's as ergonomic and recyclable as it is lightweight and durable.

PAGE 243

Flatbed Utility Dollies

Our flatbed utility dollies offer an easier and safer solution to transport EPP carriers, delivery bags, pizza dough boxes and more. These units are made of impact-resistant plastic and can move up to 350 pounds.

Delivery Bags

- **1-Series** – Our entry level line. Features durable construction and reinforced stitching as well as a moisture-resistant outer shell material.
- **3-Series** – The baseline of warmth ingenuity. The hot food generates heat in the bag while the high-performance insulation helps retain the heat, keeping food as warm as it is delicious.
- **5-Series** – Featuring heat pad. The next step in our heating bag line features a heat pad that preheats the bag. Place your hot food into the preheated bag, unplug the heat pad and go. Or use the optional 12V in-car power cord to continually heat the bag during transport.

- PVC window for branding, receipts, etc.
- Strong plastic handles for easy lifting
- Reflective ribbing

Pizza Bags, 3- and 5-Series

- Locking clips keep load secure
- Hanging loop for drying
- Extra handle on bottom for stabilization when unloading

How To Use Appendix

Alphabetical Index

Products are listed in alphabetical order. When searching, look for broad product categories followed by details. For example, if you're searching for a utility cart, look under "Carts, Utility."

Pages 244–246

Numerical Index

Item numbers starting with "0" shown first. Then numeric index is sorted by the number of digits (or numbers before dash (-) or a letter if applicable). Asterisk denotes incomplete item number. See page number for details.

Pages 247–256
Item numbers that begin with a letter start on page 254
